If you do not pre-register, we cannot guarantee that materials will be available, even though space may be.

If you need a copy of the 2002 Real Property Assessment Guidelines, please indicate on the registration form. Copies will be available at the class site, but only for those who request them in advance.

Examinations

The Level I and II examinations will consist of fill in the blank questions and problems. The test will run five (5) consecutive hours from the beginning of the exam, but will end no later than 4:00 p.m. on Friday, local time. There will be no breaks, although you will be allowed to leave the room for rest room breaks or to get a snack or drink.

As always, the course and exam is open to all Indiana citizens at no charge. However, a registration form must be completed. You will be required to show a photo ID on the test day.

The objective of the Level I and Level II exams is, in accordance with IC 6-1.1-35.5-3, to test individuals on job-related concepts that are representative of the substantial knowledge needed for effective performance as a county or township assessor or assessing official. The exam will test practical applications used in the performance of the duties associated with the office.

The exams will be open book, and will be based on the course content and problems worked during class. You may use any notes, manuals or other relevant materials during the exam. **The test consists of 50 multiple choice questions, with each question being worth 2 points.**

Passing grade is 70, and the test contains 100 points.

If you have a physical impairment that will require special accommodations, please notify us in advance. Advanced notification will help us to best meet your needs. Please contact Barry Wood, Director of the Assessment Division, by mail or fax stating your condition and the accommodation you are seeking. You must present medical evidence (such as a doctor's statement) for consideration.
